PRODUCT DESCRIPTION

FMC Corp. J 50 170881 C 17 x 22 Inch Tilt Rack Paper Jogger The FMC J 50 170881 C Paper Jogger with tilt rack is ideal for use in jogging paper run on small off set presses and can quickly align sheets prior to cutting and bundling. The 17 x 22 Rack of this FMC Electric Paper Jogger allows for larger materials and up to 30 pound loads. The FMC J 50 170881 C Paper Jogger aligns checks and mail in stacks, applying a small dose of friction to separate pieces. The rack is equipped with rubber strips to reduce the noise of the trays coming in contact with the rack. Net Weight 115 lbs. Shipping and Handling are additional. Ships by Truck Freight Carrier . For more than half a century, FMC Technologies has manufactured Syntron vibrating paper joggors to meet the varied needs of business and industry. Our versatile line of joggors aerates, aligns and settles paper stock, checks, newspapers, mail, inserts, magazines and catalogs. They are also used by the packaging industry to settle contents of food packages prior to shipping, for circuit testing, electrical and mechanical pack tests and other product testing. Syntron paper joggors are found throughout the world in newspaper operations, banks, printing shops, post offices, catalog operations, mailrooms, offices, binderies, label manufacturing operations, department stores and computer operations. They come in a variety of models for any size job. Well known in industry, Syntron paper joggors feature Fast and Efficient Operation with Adjustable Control Advanced Electromagnetic Design eliminates overheating concerns Proven Reliability Simple Operation, No Special Training Required Self cleaning Most Units UL Listed and CSL Certified CheckMate Units are UL CUL Certified
