### PRODUCT DESCRIPTION

The FMC J 50 B 224960 A four bin paper jogger comes with a newly designed whisper quiet deck with protected, plastic cover overlay and material to reduce noise vibrations. Its hardwood maple rack is mounted at a 45 degree angle for hands free jogging. The FMC J 50 B 224960 A Paper Jogger increases the volume of material sent through sorters, readers and other data processing machines by aligning incoming mail, checks, tab cards, time and or payroll cards first. This allows material to be separated and avoid paper sticking or bunching together. A choice of two optional stands desktop and floor stand model; floor stand available at an additional charge.
