PRODUCT DESCRIPTION

The Acroprint Model 150 provides accurate and indisputable time records which meet the requirements of Federal and State Laws governing wages and hours. This is the automatic print version of the Model 125. It features automatic positioning of time registration on the time card. Just insert the time card and pull it out for a quick recording of the time. It eliminates clocking in the wrong space and double printing. The machine protects your payroll and provides legible records of hours worked. It also reduces tardiness and early departures by 90 or more.
