PRODUCT DESCRIPTION

The Scanmax 20 LCS large capacity cabinet style x ray postal scanner is designed for bundles of letters, courier deliveries, parcels, and handbags. Once objects are placed in the inspection chamber, just press the ON button, and a clear image of the contents instantly appears on screen. It uses a high definition screen to display the image in color with a highlighting mechanism. Items as big as 16 x 16 can be screened. The high definition screen clearly displays bomb components such as batteries, detonators, and wiring. Also detects hate mail such as razor blade letters mousetrap devices, and broken glass. Mobile trolley on wheels allows for easy relocation. 15 monitor comes in color with 8x zoom. Basic viewfinder model also available. Training and ID chart supplied.
