PRODUCT DESCRIPTION

The Scanmax 25 FCS is the color imaging version of the Scanmax 25. It has a cabinet x ray postal scanner for bundles of letters, courier deliveries, parcels, and handbags. It is a thin freestanding machine combining a large screening chamber with a compact physical size. It comes equipped with a stand. It screens parcels up to 16.5 by 21.5 . Once objects are placed in the inspection chamber, just press the ON button, and a clear color image of the contents instantly appears on screen. The easy mouse control or remote control enable simple operator use. The high definition screen clearly displays bomb components such as batteries, detonators, and wiring. Also detects hate mail such as razor blade letters mousetrap devices, and broken glass. 15 monitor and has an 8x zoom and color highlighting.
