PRODUCT DESCRIPTION

The Kobra 260 HS high security shredder is suitable for shredding classified documents and microfilm fiche. It features a continuous duty motor and heavy duty chain drive with steel gears, producing shred waste that meets Level 5 of DIN 32757 standards. It works hard to destroy private information created in the office, cutting to 1 32 x 7 16 sized particles. Its automatic start stop via a photocell sensor allows for one handed feeding of documents into the shredder. When the door is opened or bin is full, the 260 HS shredder automatically stops and a visual indicator light alerts the operator. The machine comes to a complete stop when the shred bag is full. An electronic door safety switch keeps the door closed during operation.

PRODUCT SPECIFICATION

Shred Capacity	8 sheets
Shred Size Length	.4375 in.
Shred Size Width	.03125 in.
Throat Opening	10.25 in.
Speed	14 ft./min.
Horsepower	1 hp
Waste Bin Volume	8 gal.
Voltage	115 volts
Security Level	5 quantity

DIMENSIONS

Weight:	66.00 lbs.
Width:	16.80 inches
Length:	12.10 inches
Height:	27.30 inches
