PRODUCT DESCRIPTION

The MBM 2402 CC cross cut shredder ensures a high level of security with its 3/32 x 5/8 shred size. This makes this machine great for offices whose livelihood is encased in paper documents, such as financial institutions, accounting firms, government agencies and more. It has the capacity to shred up to 8 sheets of paper at a time. It features clearly arranged symbols and a pilot light for easy operation. An electronic door safety switch stops the cutting heads as soon as the door opens. The 2402 CC automatically stops when the shred bag is full or if the paper jams. The 2402 CC has a flap for non confidential waste, a separate garbage receptacle is not required. The cabinet comes complete with casters and rolls for easy maneuverability around the office.
