PRODUCT DESCRIPTION

The ERC Model 303 coin counter is an economical yet powerful solution to high volume coin counting designed for portable applications. Great for route sales or multiple locations. The Model 303 has selectable thickness and diameter settings so it can be used to count coins and tokens in almost any currency. The 303 coin counting machine also features a five digit count display and a hopper capacity of 1,500 coins. Batch settings are selectable from 1 to 9,999 coins per batch. Bag holder attachment and eject cup are included. With a maximum counting speed of 2,500 coins per minute, the ERC Model 303 will make quick work of your coin counting requirements.
