### PRODUCT DESCRIPTION

MBM High Volume Paper Folding Machine 352F  
The MBM 352F Paper Folder is a highly productive folder that can produce single, letter, accordion and double parallel folds. The MBM 352F Paper Folder operates at a speed of up to 22,000 sheets per hour. The MBM 352F Paper Folder features large, long lasting composition rollers that automatically compensate for varied weights and thickness of stock including carbonless sheets. Its heavy duty non flexing side frames are equipped with needle bearings for production work where accuracy and dependability are important, especially on custom folds.
