PRODUCT DESCRIPTION

MBM DESTROYIT 4605 CC Cross Cut Large Capacity Open Hopper Industrial Shredder The MBM 4605 CC 332 paper shredder provides an added level of security with its 3/32 x 5/8 shred size. Entire bound files, folders, stacks of continuous forms and computer desks can be efficiently fed into the machine via conveyor belt. It features a photo cell sensor that automatically starts/stops the cutting head and a switch for continuous operation. A second feed opening located under the hopper features an electronically controlled sliding window for EDP or wide sized computer paper. The MBM 4605 CC 332 shredder controls have illuminated symbols for forward stop reverse functions. The rotating foot operated feeding paddles push waste flow into the cutting head while the feeding hopper tilts back for paper removal. It has both foldaway feeding tables and foldaway storage tables.
