PRODUCT DESCRIPTION

The ES900 programmable time clock provides automatic or manual print operation. Over 300 print configurations are available selectable hour format 12 or 24 and choice of standard minutes, tenths or hundredths and even seconds, or consecutive numbering up to eight digits with up to nine repeats . Included are thirteen optional preset messages RCVD, SENT, IN, OUT, CFMD, FILED, PAID, USED, FAXED, VOID, ORIGIN, APR D, CMPL D in your choice of English, Spanish, German, French, Italian or Portuguese. Set the ES900 time clock once and forget it. It never needs resetting, thanks to internal battery backup. With the Ni Cd battery, the clock remains fully functional up to 200 punches even when the power is out The built in perpetual calendar automatically advances the date and smoothly makes Daylight Savings Time adjustments. The clock can optionally be set to accept correction pulses from a master clock. The easy to read LCD display indicates the date, time and day of week. Cards and documents are easy to align, thanks to the handy clear window in the cover. The ES900 works with right or left hand time cards or any document from thin onionskins to thick card stock with quality printing every time.
