PRODUCT DESCRIPTION

The Plastikoil PBS 3000 computer controlled plastic coil inserter is engineered to meet the highest demands. Simply place the pre punched document into the slot, step on the pedal, and the precut plastic coil is inserted into the document. It requires a compressed air system to operate. It features an auto inserter for extremely high productivity. The vertical book placement enables the book to jog down for greater speed. It places a bind at a minimum of 5 from the edge. This all inclusive unit comes with a set of 15 spine formers and a tool kit. The offcut handling and disposal chute keep everything neat and organized. Accommodates books up to 150 sheets .6 thick . Produces up to a whopping 600 books per hour. Spool of plastic coil sold separately.
