PRODUCT DESCRIPTION

The Preferred Pack PP702A is a semi automatic random carton sealer featuring the new universal tape head that will run 2 or 3 tape with no changeover required. The operator simply folds the top flaps of the corrugated carton and feeds it into the machine; it will automatically adjust to meet the carton dimensions. The box size must be at least 6 inches in length and can have an unlimited maximum length to be properly sealed. This four belt drive two top belts and two side drive belts is a heavy duty versatile machine designed for dependable performance and easy operation. This model is designed for production runs where different size boxes will be used.
