PRODUCT DESCRIPTION

The ProFold 31001 Desktop Paper Folder is the first and only desktop folder with swinging deflectors and built in sound covers as part of its standard features. Some of its other features include four pre set folds and skewed paper side guides that permit fine control corrections while the folder is running. The paper fold stop design and fold chart displayed on each folder easily define the exact plate settings for each standard fold. The ProFold 31001 Desktop Paper Folder operates at a speed of up to 18,000 sheets per hour. With this many features, the Profold Desktop is a great addition to any office environment.
