PRODUCT DESCRIPTION

ERC DZ 260 O Vacuum Sealer Round Vacuum Sealing Machine The DZ 260 O vacuum packaging machine is designed for sealing contents in vacuum pouches. It is equipped with an electronic pressure sensor to assure steady control of vacuum and optional gas injection packaging functions. Plus, a letter and number kit is included which will allow date and text message identification to be embedded in the seal of each package. A great way to set tamper markings. The DZ 260 O vacuum sealer is designed with a digital control panel that allows operator control of seal heat, vacuum cycle and cool down functions. The DZ 260 O has a long, wide chamber with a center depression allowing for thin edges and thick center vacuumed packages. With a 10.23 X 0.31 inch seal bar, the DZ 260 O can seal large and heavy pouches. All Exodus vacuum chamber machines are heavy duty models designed for countless sealing operations. Other than periodic replacement of pump oil which is included with the unit, no other user maintenance is required. WARRANTY WARRANTY FOR VACUUM SEALERS ERC warrants to the original purchaser for a period of time from the date of shipment, that its VACUUM SEALERS will be free from defects in material and workmanship when used under normal operating conditions. The warranty for VACUUM SEALERS is three 3 months labor and twelve 12 months limited warranty on parts excluding wearables . Improper use and user maintenance requirements are not covered by product warranty. ERC agrees to repair or replace, at its option, any defective part or component covered by this warranty, provided there was no abuse and ERC must first receive written notice of a defect within the applicable warranty period. With the exception of the Labor warranty for Three 3 months from the date of shipment, warranties do not include labor or the
