### PRODUCT DESCRIPTION

The Standard SRN 9X is a proven, high speed nine position suction feed rotary numbering system that produces clear number definition, even through multiple part sets, by ensuring positive point contact and easy platen pressure adjustment. As the head rotates, the numbering head is advanced, re inked, and the number is offset directly to the sheet or set, just as on a press. You can repeat, skip and do multiple numbering without stopping the sheet, producing up to 36,000 impressions per hour.

### PRODUCT SPECIFICATION

Speed	N/A sheets/hr.
Max. Form Length	N/A in.
Max. Form Width	N/A in.
Min. Form Length	N/A in.
Min. Form Width	N/A in.
Voltage	220 volts
Throat Depth	4 in.
Max. Stock Thickness	13 in.

### PRODUCT FEATURES

### DIMENSIONS

Weight:	357.00 lbs.
Width:	30.75 inches
Length:	40.75 inches
Height:	41.75 inches
