PRODUCT DESCRIPTION

The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier and Counterfeit Bill Detector authenticates US and most international currencies. The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier and Counterfeit Bill Detecting Machine is equipped with an optical character recognition scanner that reads each bill to determine its denomination. The easy to read digital display gives out the quantity of accepted bills, the denomination of each bill, and the total dollar amount. The Cashscan Corp. SuperScan 2100 Electronic Bill Verifier is designed to count batches of 10, 20, 25, 50, or 100 bills at a time. It verifies any old or new US bill in seconds. Simply insert the bill and the display will confirm the bill's authenticity or indicate a counterfeit. Operates on 110V or 240V for worldwide use.
