PRODUCT DESCRIPTION

The Acroprint ET is a time and date stamp. By inserting a document for imprinting, you have an indisputable record of year, date and time. This model in the ET series of time stampers prints the time, month, date and year. Customized text lines can be added above upper plate and or below lower plate the time date line maximum of 22 characters per line of text . Series ET heavy duty desktop stamps give you adjustable printer control, so you can print on a wide range of documents up to 1 4 thick. The stamper can even penetrate multi page carbon packs. Accessories that can be bought for this machine include an extension trigger to allow printing 1 8 to 1 9 16 from edge of form, reverse type for printing at the bottom of the document, an adjustable platform, electric interlock to prevent printing when case is open and upper or lower die plates for custom engraved message. Text plates can have up to four lines of text above and four lines of text below the Time Date line 19 characters per line including spaces . See ordering options below and specify your message in the notes box when completing your order.
