PRODUCT DESCRIPTION

Widmer Power Seal Embosser can make raised imprint impressions of text and graphics in material surfaces. Use it everyday to make textured surfaces on business cards or invitations. Use the Power Seal to emboss single sheets, two part carbonized forms, and multiple sheets or certificates, diplomas, legal papers and business card stock. The easily adjustable stamping mechanism adjusts in seconds to accommodate 1 10 sheets of paper. For high volume embossing or certifying the Power Seal electric embosser will increase efficiency and save time. The stamping mechanism can be set to stamp at the same depth consistently and accurately. The seals can be designed from the most simple to the most complex. Seals can be from 1 5 8 inch to 2.5 inches in diameter.
