PRODUCT DESCRIPTION

Attendance Rx Single 50 Software The Attendance Rx software which powers the ATRx ProxTime terminal is a flexible PC based time and attendance solution for small to mid sized businesses. The Attendance Rx single software not only will get you accurate time records, you have the power to analyze that information as part of your personnel management program. The Single version Attendance Rx enables employees to punch in and out at one specified PC. It does not require terminals, badges or time cards. Ideally suited for businesses that want to automate their time and attendance processes. Attendance Rx reports regular hours, two levels of overtime, vacation, sick personal hours, holidays and other categories. The Attendance Rx is User Password protected. Up to 50 employees can punch in and out at a designated PC.
