Height:	5.00 inches

50 or 100 employee capacity, featuring the powerful Attendance Rx Network software. You can attach up to eight terminals, each placed up to 50 feet away from a networked PC. Supervisors can review, edit and approve punches from their own networked PCs Easy to use ATRx ProxTime is convenient and easy to use. Your employees simply wave their badges near the terminal to clock in or out. If they forget or misplace their badges, they can also clock in and out using the terminal keypad. Since the system doesn't require polling, it even features a real time in/out board, so you can see at a glance who's in the office and who's out. Additional terminal kits are available. Note ProxTime terminals require 120VAC, 60Hz. ATRx10 terminal must be installed within 50 feet of the PC. The hardware comes with a one year warranty.
