PRODUCT DESCRIPTION

Acroprint Attendance Rx Single Software 100 Attendance Rx Single Software is a flexible PC based time and attendance solution for small to mid sized businesses. Attendance Rx Single software does not require terminals, badges or time cards. Up to 100 employees can punch in and out at a designated PC. No more paper time cards or handwritten records Control your labor costs while you save time and money by reducing payroll errors. The Attendance Rx Single Software is a versatile time and attendance software that will accommodate your holiday, overtime, shift and pay period policies and offers a wide range of reports. Attendance Rx at a glance Adaptable Handles two classes of overtime and 7th day overtime for weekly, bi weekly, semi monthly and monthly pay periods. No need to change the way you handle payroll Attendance Rx is versatile Records exempt employees sick time, vacation and holidays. No more separate paperwork for exempt and non exempt all of your employees can use Attendance Rx Attendance Rx is useful Real time In Out Board. It s easy to see who s in or out of the office no polling required Attendance Rx is economical. It saves time preparing payroll. Supervisors can edit and approve the electronic time cards at the PC. The software automatically calculates hours worked and reports are all run at the PC. Reduces paperwork and speeds up the payroll process. Convenient Allows for employee data exchange between Attendance Rx and QuickBooks Pro. Enter the data in either system and it will seamlessly be entered into both. The Attendance Rx family also includes two biometric enabled options. Note that the use of biometric devices requires special biometric enabled Attendance Rx software; these devices are not compatible with the standard edition of Attendance Rx software. ATRx Secure PunchIn
