PRODUCT DESCRIPTION

The Intimus GC208 is a heavy duty card slitter than can cut 18000 professional grade business cards in one hour. It features a no mess design and is low maintenance. The Intimus is compatible with most card design software, including Illustrator, Word, Quark and InDesign. The perfect choice for any print company or business that creates business cards.

PRODUCT FEATURES

Adjustable paper guides allow for easy set up for customized needs.

Catch tray hinges for compact storage.

Continuous feeding of stacks up to 5/8 thick.

Create bleed-cut business cards easily with programs such as Quark, InDesign, Illustrator, Word and Publisher.

Cutting blades are hardened steel semi-self sharpening for years of operation without sharpening or replacement.

Easily converts 8 1/2 x 11 sheets to finished 2 x 3 1/2 business cards with a simple two pass operation - either full bleed or regular.

Fits securely on custom waste bin for ease-of-use, maximizing run time and no-mess production.

For maximum safety the machine will not run if rear cover is not in place.

Interlock switch for safety.

Quickly and professionally produce business cards with bleed edge design.

Rear cover panel strips waste away from rollers - self-cleaning.

Speed: 300 finished cards per minute.

Units will handle 65# to 100# cover stock.

Will also cut 130# linen stock.

Factory Authorized Installation & Maintenance available for \$699.95
