### PRODUCT DESCRIPTION

Martin Yale CDS200 CD Insert Slitter Using the Martin Yale CDS200 CD Insert Slitter makes creating high quality jewel case inserts for your CD s and DVD s easier than ever. With a convenient tabletop design the CDS200 is designed to quickly and easily convert an 8.5 x 11 printed sheet into two CD jewel case inserts that are cut to fit inside a standard CD jewel case. The inserts will not only be cut to the correct size but will also be perforated along the two side folds to make them simple to separate and insert. With the CDS200 you can cut and perf up to 4,200 inserts per hour making it an ideal solution for moderate to high volume CD production applications.
