PRODUCT DESCRIPTION

Cashscan Corp. EUROSCAN Model 77 Counterfeit Detection Machine The EUROSCAN Model 77 is an extremely affordable currency verification unit capable of verifying the Euro and US Dollar with great accuracy. The EUROSCAN Model 77 Counterfeit Detecting Machine performs multiple tests to verify currency including checking the magnetic level of the ink, verifying the authenticity of the security thread embedded in a note, and verifying the presence of Infra red ink, invisible to the human eye, printed on the note. The EUROSCAN Counterfeit Detecting Device comes with an EU approved power supply and requires minimal maintenance for years of uninterrupted verification. The Euroscan is easily upgradeable for future currency releases and comes with a 1 year parts and labor warranty. The Euroscan in its default setup verifies the Euro and U.S. Dollar. However, the unit can be ordered to verify the Euro and any secondary currency from the Cashscan library of over 70 different currencies from throughout the world. Operates on 220v adapter included Warranty 1 Year parts and labor Dimensions 8 x 5 x 4 INCHES Weight 3 lbs Other CashScan Counterfeit Bill Detecting Machines available on this website Cashscan 1800 This Counterfeit Bill Detector is the most popular counterfeit detection device in the world, and for good reason. It is compact, lightweight and can be portable using AA battery option. This machine uses state of the art technology, by verifying the magnetic properties of the ink on the face of all U.S. Currency, and notifies you of any fake notes with a visual and audible sign UniScan If you are interested in a Counterfeit Bill Detector that has the capability to verify the currencies of over 20 countries look at the UniScan Counterfeit Detector available on this website.
