### PRODUCT DESCRIPTION

DFG DigiPerfect 750 Fully Automatic Perfect Binder Perfect Binding is a process where a machine uses a hot melt glue to bind the book block to a hard or printed wrap around cover. Perfect Binding is a premium product that has many applications. It is ideal for catalogs, self publishers, workbooks, and much more. Perfect binding has a premium appearance, but is less time consuming and more cost effective than mechanical binding. The DigiPerfect 750 changes the rules and breaks down the barriers of traditional perfect binding systems. Now you can be profitable and efficient and bind 1 or 1000s of books to better serve your current clientele and open yourself to new business. . Fully automatic perfect binder with milling and notching. Binds a book in less than 20 sec Best selling machine worldwide Binding from 2 sheets to 2 1 8 Inches No operator training required No set up required for any book size and thickness Push button operation Optional hardcover kit available Ultra reliable SPECIFICATIONS Machine Cycle ....250 Cycles per hour Book Thickness ....2 Sheets up to 2 1 4 Inches Book Size ....Spine Length of 13 Inches Warm Up Time .... 25 Minutes DIMENSIONS L x W x H ....55 x 25 x 40 Inches WEIGHT....364 lbs.
