PRODUCT DESCRIPTION

Royal Alpha8100ML Heavy Duty Cash Register and Cash Management System Royal s NEW Alpha8100ML features a 4 LINE x 24 Character Backlit Display. Heavy duty thermal printer, USB port for flash drive, accounting software and more. This register will perform all of your cash management needs. Bar code scanner optional. FEATURES 4 line x 24 Character Backlit LCD Display allows for easy operation. View multiple line items within a transaction rather than just the latest entry. Makes programming a snap. Electronic Journal Feature records memory and prints out a journal record with line item details of all transactions. 200 Departments for sales analysis by category of merchandise. Program each department with a 12 character name or description; set for taxable or non taxable items. Preset department pricing for quick, one key sales entry 3000 Price Look Ups PLU for quick, accurate entry of frequently sold items. Each PLU can be assigned a 16 character name. PLU reports print sales activity of each PLU Heavy Duty Thermal Printer printer allows both alpha and numeric characters to be programmed to print on customer receipts or journal tapes. Thermal printer is fast and quiet. Uses 2 1 4 57mm thermal paper. USB connection to connect the register to your PC, USB based jump drive or optional bar code scanner. Cable and PC Software included. Date Portability USB Port recognizes jump drives for easy transfer of sales, programming and backup data to a PC or another register. Useful for store owners with multiple locations to implement changes or record sales data. Data syncs directly to RegisterLink software for editing and downloading into Quickbooks PRO. 10 Clerk ID System can program each clerk with a 24 character name or description Alpha Keyboard cuts programming time in half. Department keys are labeled with the letters needed to program

the descriptions for PLU s, departments, clerks and various messages Heavy Duty Locking Cash Drawer with four slot bill and removable five slot coin tray. Accessory drawer Automatic Tax Computation for programming 4 separate tax rates Add on, VAT and Canadian tax Cash, Check and Charge Sales keys Optional Handheld Bar Code Scanner ensures fast and easy registration of items during check out. Easy to use and convenient during sales check out process and even during PLU set up programming. SPECIFICATIONS Box Dimensions 21.5 x 16.125 x 14 INCHES Box Weight 21 Lbs. Add 15.00 for Shipping and Handling. Accounting software by RegisterLink Program most of your cash register data on your PC, for easy entry using your standard PC keyboard and screen; then download all the programming from your PC to the cash register via the included serial connection Quickbooks Compatibility Download your end of day X and Z report totals from the cash register into your PC and automatically import the information into your Quickbooks accounting packages Back up and Restore Back up your cash register programming and store the data on your PC. Should you lose the register s memory, you can simply restore the data from your PC back to the register without having to re program all the PLU s, departments and other data Additional registers When you buy additional registers, you can use the back up and restore feature with multiple registers of the same model number.
