PRODUCT DESCRIPTION

Acroprint ATR120 Electric Time Clock The Acroprint ATR120 Time Clock is an Automatic Top Loading, Valued Priced Time Clock. An administrator can select the print format Date, Hours and Minutes Has a Large easy to read clock face and digital time display The Time clock print matches digital display An AA battery operates an analog clock battery included . You can either Desk or Wall Mount this Time Clock. Accurate Automatic Daylight Saving Time adjustments mean you never need to reset the clock. Versatile With selectable print formats and support for both weekly and bi weekly payroll periods, the ATR120 prints time the way you want it. Convenient Two color printing allows you to quickly see early and late punches, reducing payroll errors and processing time, and making time cards edits quick and easy. Useful A built in programmable buzzer notifies employees of stop and start times. Convenient and accurate time and attendance tracking Supports both weekly and bi weekly payroll periods, and can be set to print late in and early out punches in red for easier card editing. Just insert the card in the top slot and the time clock will position the card, print the date and time, and eject the card. A built in battery backup and automatic Daylight Saving Time adjustments help insure the clock maintains the correct time. Add the available NiCd battery pack and your employees will be able to punch in and out up to 200 punches even when the power is out This clock requires the use of ATR121 time cards and is designed to be used for time and attendance recording in a professional office environment.
